

Shri Vishweshwar Shikshan Prasarak Mandal's **Vishweshwarayya Abhiyantri Ki Padvika Mahavidyalaya**

Almala, Tq. Ausa, Dist. Latur (413520)

E News Letter 

2022-2023

Principal's Message

It gives me immense pleasure in welcoming you all at VAPM Almala. It is an institute where discipline and punctuality with conducive environment will provide quality education development in frontier areas of engineering. We, the faculty, staff and administration will work for producing technologically superior and ethically strong engineers for the country and the world with a purpose to serve the society & mankind. With strong team work we would achieve technological excellence in a highly competitive environment around us.

Holistic development of students is our key dictum as needs of the society has been changed. In our institute students are groomed in the atmosphere of harmony and freedom with the modern amenities like well structure building, workshops, computer labs with internet facilities, language lab, large playground, Wi-Fi campus, well- equipped labs etc.

Creating better human beings' is our motto and we can do that when we are able to mould our students to be good human beings with values which are embedded for life. We aim to provide an overall development that nurtures them towards becoming strong and focused human beings. Soft skills and educational skills is what the institution seeks to provide every student at the campus. We wish the best for all our students, and the members of the institution who reiterate their aims at providing the best in academic and extra-curricular fields.

(Prof. P.S.Dharashive)

Vision & Mission

• Institute •

Vision

"To provide quality technical education in Rural Area"

Mission

To impart eco-friendly advanced engineering knowledge.

To inculcate ethical and moral values among budding engineers.

Establishment of mentoring system for all-round personal and Professional enhancement.

To make students aware social and national responsibilities.

To encourage students to pursue higher education and take Competitive and career enhancement courses.

To create technology based society which is the need of modern era.

• Department Of Mechanical

Engineering•

Vision

To provide technical education for students with advance technology in mechanical engineering.

Mission

M1. To impart highest quality education to students by collaborative environment and knowledge to make them globally competitive engineers

M2: To develop alliances with educational institutions, industries and alumni to promote training, Innovative ideas.

M3. To encourage students to adopt leadership skills in career by lifelong learning with ethics and values
